**Part IV**

**Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc. Programs**

**Grant Guidelines**

Cisco Systems Foundation was established in 1997 by a gift from Cisco Systems, Inc. The Foundation strives to establish a legacy of trust with the community at large. Its mission is to be an economic and intellectual asset for those communities throughout the world in which Cisco Systems has a significant business presence. The Foundation supports programs that enable all community members to sustain and upgrade their quality of life and further empowers them to contribute back into the communities.

Specifically, the Foundation funds organizations in the community that provide education, generate and sustain community service, or meet basic human needs. The Foundation focuses on those programs that extend useful innovation and attempt to make lasting positive change. It makes cash grants averaging \$10,000.

**Funding Criteria**

To be eligible for funding, organizations must operate within 50 miles of one of the following geographic areas: San Jose, California; Research Triangle Park, North Carolina; and Chelmsford, Massachusetts. Non-profit organizations applying for funding must be a public charity and hold tax-exempt status under IRC section 501(c)(3). Grants are made for specific programs/projects that leverage existing resources, serve the community at large, and make a significant positive impact on the client groups served. Program overhead expenses must not exceed 25% of total operating budget.

Ineligible for funding:

Athletic events, competitions or tournaments  
Capital building funds  
Conferences/Seminars  
Fundraising events or sponsorships  
General operating expenses  
Individuals  
Religious, political, or sectarian organizations  
Seminaries  
Start-up programs

If your program meets these criteria and falls within the focus areas, please answer all questions on the Proposal Checklist. We cannot consider incomplete proposals or programs/projects that fall outside our primary funding areas.

### Application for Funding:

The Cisco Systems Foundation makes funding decisions twice a year. Proposal deadlines are April 30 for July funding and November 30 for February funding. Proposals received after the deadline dates may be held for the next funding cycle.

### Review Process:

Proposals are screened for compliance to the guidelines. They are then passed on to the Grant Review Committee, which represents a cross-section of employees from various departments and levels. Recommendations are then presented to the Cisco Systems Foundation Board of Trustees for final approval. In some instances, a site visit to your agency may be requested by Cisco Staff.

### Evaluation:

The Foundation is interested in evaluating the success of the programs/projects it funds. Status reports will be required as a condition of funding.

### Organization Information:

1. Tell us a little bit about your organization (year founded, accomplishments, current goals)?
2. What is the issue to be addressed for a Cisco Foundation grant?
3. What are the objectives of this program/project?
4. How will the funds be spent?
5. Who is included in the population to be served (cultural, social, and economic backgrounds)?
6. How many individuals are/will be served by this program/project?
7. Do other organizations in the community serve this population?
8. What are the program/project's expected outcomes?
9. How will success of these outcomes be measured?
10. What other groups or organizations partner with you or are served by this program/project?
11. What is the timeline for implementation of this program/project?
12. Are there any Cisco Systems employees who are active with your organization?

### Document Checklist:

In addition to answering the questions, please supply the following documents:  
Proof of non-profit status (a copy of IRS 501(c)(3) letter)  
Itemized budget for the project, including funds that have already been committed.  
A current audited financial statement, and a detailed budget for the organization.

A copy of the organization's nondiscrimination policy.

I certify that all of the above listed information is included in this proposal statement. Incomplete proposals may not be considered.

Signature Date

Please attach this form to your completed funding proposal statement. Be sure to make a copy for your records.

## Other Contributions Program

### Virtual Schoolhouse Grant Program:

As part of the commitment to assist schools in providing access to the Internet, Cisco has established the Virtual Schoolhouse Grant Program. In 1997, the program awarded \$10,000 grants of equipment, services and training to 50 K-12 throughout the United States. To apply for Virtual Schoolhouse grants, schools must demonstrate their ability to support and implement a campus local area network (LAN) and connect it to the Internet.

For more information about the Virtual Schoolhouse Grant Program, visit the Cisco Educational Archives (CEARCH) home page at <http://sunsite.unc.edu/cisco/>. Applications are accepted online only. Deadline is March 1 and winners are announced in June.

Statement 17  
Part II, Line 22 &  
Part VII-B, Question 1(a)(2)

During the fiscal year ending 7/31/98, Cisco Systems Corporation advanced program administrative costs of \$60,000 on behalf of the Foundation. No interest was accrued or paid in connection with this charitable-purpose loan. Cisco Systems Foundation reimbursed the Corporation for these costs in the fiscal year ending 7/31/99. Under Section 4941(d)(2)(B), the lending of money to a private foundation by a disqualified person is not self-dealing if, as in this instance, the loan is without interest or other charge and if the proceeds of the loan are used exclusively for purposes specified in Section 501(c)(3).

**Explanation of Purchase, Sales, Ect.**

The Foundation purchased securities on margin for short periods of time until cash could be transferred from one account to another and cover the purchase of the various securities. The average time frame for this type of transaction is one to two days.

The original donation of the Cascade stock included both calls and puts. The purpose of these calls and puts was to guarantee a ceiling and floor price for the sale of this stock. Because of the large number of shares donated, the calls and puts were deemed necessary to counteract the effects of blockage.

Short sales and the purchase of calls and puts have been considered an effective strategy for increasing the Foundation's net investment income. This investment policy has been authorized by the Foundation's Board of Directors.

The Foundation's investments are maintained at two different brokerage houses. The investments at these houses are further divided into various accounts, each with its own investment manager. The Board regularly monitors the performance of each of these accounts.
